

UNCOMMON JOURNEYS

The Chepe Express through Mexico's Copper Canyon

One of the most spectacular train journeys in the world!

In 2023 and 2024, all Uncommon Journeys Copper Canyon tours will feature the new upgraded Chepe Express, through the heart of the Sierra Tarahumara, passing through the Copper Canyons, a series of imposing canyons joining the states of Sinaloa and Chihuahua in the north of Mexico. Over the journey, you will cross bridges and tunnels, gems of engineering on an epic railway that took over 100-years to build while taking in the most striking mountain landscapes in Mexico.

Both of our trips aboard are 'day trips' so that you will not miss a moment of scenery. With large windows, climate control and a superb staff, this is one of the genuinely great train trips of the world. Made better by brilliant hotel stays in the Copper Canyon. We invite you to join us.

Public areas aboard the Chepe Express . . .

Another treat aboard is the fact that Executive class passengers have access to the bar car aboard in addition to enjoying the regional menus on offer in the Urike restaurant car. Just another aspect of a journey aboard this wonderful train to look forward to.
